AgGPS FmX Integrated Display: Password

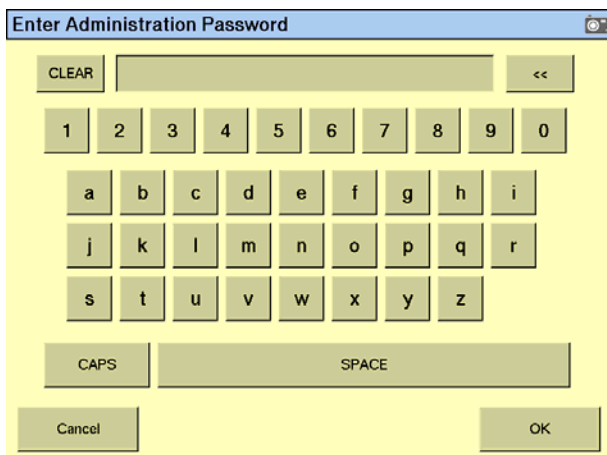

The Trimble® AgGPS® FmX™ integrated display requires a password to access the setup and configuration screens. This document provides the password and describes how to enter it.

Solution

The password to access the FmX integrated display setup and calibration screens is **2009**.

To enter it, do the following:

1. Tap the wrench icon on the right of the display to access the configuration screen.
2. Select the system or plug-in on the left of the screen and then tap **Setup** or **Calibration**.
3. In the screen that appears, use the keyboard to enter **2009** and then tap **OK**:

Note: If the Setup or Calibration screen does not open, leave the password field empty and then tap **OK**.

This document is for informational purposes only and is not a legally binding agreement or offer. Trimble makes no warranties and assumes no obligations or liabilities hereunder.
